Hi Mindy, checking in on the review here. Have we heard back from David Risley? The region is anxious to send the letters. I can make any edits and make the pages live. Thanks, Kathy

Subject: Draft Web Pages

In case you need them, see the webpage links below. At the time of drafting this email, we haven't gotten David R. feedback so I'm attaching the web page drafts we sent to him for your reference.

- We are uploading two new PDFs- the memo and the letter
- I think they both have to go at the bottom of the page, unless there's a way to change uploaded doc placement? Your edits to the webpage I drafted put them in different spots on the page so I thought it was possible but can't figure it out.
- This will look a little strange because of all the other links on the page
 - So I wonder if two headers would be helpful (i.e., Background at the top, and then Documents just before the two PDFs)
 - Or maybe putting some of the words in bold in the uploaded doc descriptions?
